*In recognition of your dedication and commitment to the leaders of tomorrow. Godparents Youth Organization (GYO) is making bold steps to reach and teach urban youth about social responsibility, cultural awareness and the value of diversity. Through travel and special programs, GYO is exposing youngsters to educational opportunities, fostering their personal growth and preparing them to become dynamic contributors to our society. I hope retracing the past steps of Montgomery's courageous civil rights leaders inspires your young people to work for positive change in the future. God bless all of you.*
